

Example Red Hint Trial

The diagram illustrates a trial sequence. It begins with a plus sign (+) in a box. This is followed by a box containing the word "ROBE" in red. Above this box is a silhouette of a head with a brain, and a thought bubble containing a red "X". This is followed by another plus sign (+) in a box. Next is a noisy image with the letter "B" highlighted in red. Finally, there is a box containing the text "Type the word you identified:" and a smaller box below it containing the letter "B".

If asked to... type the word you identified

Type the word you identified:

B
